

REPORT

JUNE 2024

All praise and glory to Jesus Christ our Lord and saviour. During the school holidays in June, the children's passion to know more about Jesus remained strong.

In June 2024, the Love Papua Center team has ministered to 1,258 wonderful children. These children are God's precious gifts and have become the duty of Love Papua Center team to teach them in how to deepen their relationship with Jesus.

As it is written in 1 Corinthians 3:7 "Therefore it is not the one who plants or the one who waters those matters, but God who gives growth." It is clear that the Love Papua Centre team has sown the seeds of God's Word in the lives of these wonderful children, trusting that God Himself will give the growth.

SEMINAR

The river of Life

By the grace of God, the Love Papua Center team has once more had the privilege to serve our brothers and sisters from the Mbente, Indabri, Mokwam, Duweibey, Tanah Merah, Warmare, Subsai 1-3, Umbui and neighboring regions in routine training activities.

During this event, the training was attended by around 361 participants, comprising 251 adults and 110 children. Pastor Dr. Tandi F. Randa shared the Word of God, focusing on the faithfulness of believers towards God. He emphasized that in the eyes of God, there are only two categories of people:

1. Believers
2. Unbelievers

Malachi 3:13-17, Proverbs 15:3, Matthew 7:21

The Word of God teaches us the importance of remaining loyal as a chosen group of believers, reminding us of our commitment to uphold our faith.

We pray that the Word once sown will land on the fertile soil of the heart, where it will take root, flourish, and yield fruit in the lives of believers.
